Workshop and event include :

- State-of-the-Art Lectures using ISSPP validated slides
- Catering throughout the workshop including Lunchtime meal tray
- Dry-lab hands-on
- Team participation during PIPAC live procedure
- Certificate
- Dinner at restaurant on Thursday evening

Accommodation

The participants must organize travel and accommodation themselves, but we recommend the use of hotel close to Bastille location because it is between the Lariboisière University Hospital (first day) and Pitié Salpêtrière (second day).

Travel to Lariboisière University Hospital

The nearest airport is Charles de Gaulle Airport. Train for airport every half hour (40 minutes from CDG Airport to Gare du Nord Railway Station, 5 minutes to Hospital).

Congress Management

Mrs. Karima Ait Aissa, Research Secretary,
Hôpital Lariboisière, Inserm Unit 1275 CAP Paris Tech
2 rue Ambroise Paré 75010 Paris France
karima.aitaissa@inserm.fr

The course registration fee is 500 euros.

The Workshop Fee could be sponsored by some PIPAC's company
